

AFFIDAVIT

1. I, **Joseph William Ashy**, am a retired USAF four star General. I currently reside at (b)(6) (b)(6). My last position on active duty was "triple hatted" as: Commander, US Space Command; CINC NORAD; and Commander of AF Space Command. Previous to that, I was the NATO Southern Region Air Commander and conducted the combat air operations over the Balkans. Previous to that, I was commander, Air Training Command. Currently, I am president of Ashy & Associates, LLC, which is a consultant entity. I am the recipient of the Silver Star, and Defense Distinguished Service Medal among many other citations.

2. I first met Lt Col James H. Wilkerson in 2002 through his father-in-law and mother-in-law, Colonel (Retired) and Mrs. Sam Ward. Colonel Ward was one of my flight commanders in the 36 FS at Osan AB, Korea in 1975-76. The Wards currently live in our neighborhood and we are close friends. When Lt Col and Mrs. Wilkerson have visited the Wards, we met them several times for family cook-outs. In 2004, I was asked by Colonel Wilkerson to speak at an F-16 graduation Dinning Out at Luke AFB, AZ (his squadron was graduating a class and he was the assistant operations officer). I worked with him on this event and also received a squadron tour and F-16 program orientation by Lt Col Wilkerson. Later on, we had regular communications when he sought my advice on assignment options in Joint Billets (which are necessary for Joint Duty) leading to command. I provided such advice. I have regularly kept in touch via email updates with him since meeting him. But when observing him in person in our meetings, I was most positively impressed with his breadth and depth of knowledge and how he conducted himself.

3. I am aware that Lt Col Wilkerson has been accused of sexual assault, in violation of the Uniform Code of Military Justice.

4. Based on my observations of and contacts with Lt Col Wilkerson, I feel I have an in-depth understanding of him both as an officer in the United States Air Force and as an individual. I have formed an opinion of his military character. My opinion is that he is a person of outstanding military character.
